Here is a copy of the embargoed full report, OK spotlight, some talking points (we developed), and a few slides we have used in the past. Let us know if you have any questions or would like to see something else.

Thanks

Tony/Derek,

I have this on the Executive Committee Agenda for next week. I'm trying to get the agenda to Martha this week – on top of that both my father and grandfather in the hospital and so I will be out tomorrow and trying to get as much completed as I can today.

I'm sure it will take some time to get the analysis for the talking points summary done but could you send as soon as you have? Also, I don't anticipate she or Board would give interviews this year but Martha may want to incorporate into her Executive Committee report.

Thanks  
V-

Talking points appreciated for off-line discussion with the board, but because our board meeting is before the embargo is lifted, I will not discuss at the board meeting. Thanks, tc
